POLYGAMISTS WANT TO COME IN.

Washington, May 31.—An interesting question has arisen in the treasury department, which involves the legal meaning of the word "polygamist."

Commissioner Stump, of the immigration bureau has received application for the admission into this country of Robert Stevenson, his wife, Kate, Barbara Hunter Lizza Naylor and seven children. These immigrants recently arrived at Quebec, Canada, from Glasgow, Scotland, and in their affidavits state that they are Mormons in religion and full believers in polygamy and that each intends to practice polygamy if so inclined, on reaching their destination, Salt Lake City. The question involved is whether belief in polygamy of itself and in the absence of proof of any polygamous act, brings the party within the inhibition of the law, declaring that polygamist shall not be admitted into this country.

Acting Secretary Wike has the subject under consideration. Mr. Stump is of the opinion that the parties should be debarred admission.

OUR OLD-FASHIONED MOTHER.

[WRITTEN FOR THE DEMOCRAT.]

Faces may vanish and fade from our memory,
Like glistening dew-drops when greeting the sun;
But there's one holy vision e're shining with love-light
That cannot be erased till this world's life is done.

'Tis our loving, sweet-voiced, old-fashioned mother,
Whose clear eyes reflect a heart's tender care
As gently she guides our tottering foot-steps,
While silver-threads mingle with gold in her hair.

When tempted and tried in life's whirling conflict,
Our feet wander backward to childhood and home;
We cross the worn threshold, hallowed by her presence,
And with childish dependence our thoughts cease to roam.

We kneel in the molten sunshine, near the window,
Where, long years ago, we knelt by her knee,
And lisping "Our Father," we conquer the tempter
That was luring us onward to sin's surging sea.

Blessed is the memory of our old-fashioned mother!
It floats to us now, like the flowers perfume, sweet;
And entrancingly echoes in low, rythmic music,
Her parting—"Good-bye, till in Heaven we meet."

OUR NEW-FASHIONED MOTHER.

[WRITTEN FOR THE DEMOCRAT.]

Women may sparkle in gay, whirling fashion,
Like stars dancing merrily in the clear sky,
But there's one graceful creature, tho' smiling and artful,
That's out of the sphere where her duties should lie.

'Tis the cold-hearted, praise loving, new-fashioned mother
Whose flip ways reflect a light weight of brains,
As calmly she bids us return to the nursery,
While blond tresses dwell where the black used to reign.

When weary and heartsore with life's struggling battle,
Our feet wander backward to childhood and home;
We cross the plush-covered floor of the hallway,
And in vain seek for comfort to light our hearts gloom.

We peer in the dark, curtained nook near the window,
Where, long years ago, we trembled with awe,
And stammering, "May I come in?" hear the answer,
"Don't open the door the air is too raw."

Blurred is the memory of our new-fashioned mother!
It comes to us now with each smell of fresh paint,
And lifelessly echoes the harsh, hollow accents,
"Go bring me the camphor, I'm going to faint!"

ALLIE THOMPSON.

McKinney, Tex., May 25, 1895.

Kansas City Star: The facts about the Nicaragua canal should be kept in mind. The total length of the waterway between the two oceans is 169½ miles. Of this 26½ miles is to be cut. The cost is estimated at $65,000,000. This is about twice the cost of the drainage canal in which Chicago is interested. The nearest completed work in the matter of cost and difficulty to the Nicaragua canal is the Welland canal in Canada, which is not considered by any means a remarkable piece of engineering work. If the Illinois canal and the Nicaragua canal are completed a vessel can go from Chicago, to Japan without making the circuit of the earth.

FROM ANNA.

Anna, Tex., June 1, 1895.

Editor Democrat.

The largest dose of deception, possibly, extant is the late effort of J. G. Carlisle at Covington, Ky., which is being swallowed by a few without even a sugar coating.

The speech delivered by the same J. G. Carlisle in 1878 has been read by all who care to investigate both sides of all important questions, but the evidence I wish to present to the readers of THE DEMOCRAT at this time is a letter with, comments, clipped from the St. Louis Republic, which I will give in full.

"A MANLY REPLY TO CRITICISMS OF THE FARMER'S ALLIANCE IN KENTUCKY."

"Louisville, Ky., July 28, 1891.

"The Farmer's alliance people of Western Kentucky have been criticising Senator Carlisle for voting against the silver bill. The following letter explaining his position has been received:"

"Hon. Wm. Smith, Mayfield, Ky.: Dear Sir: Your favor of the 15th inst is just received. Every democrat in the senate voted against the silver bill, as it was finally amended and reported to the conference committee, because we believed it worse than the existing law. If the Farmer's alliance of Graves county believes that this republican measure which substantially stops the coinage of the silver dollar after one year, is better than the democratic law of 1878, they are, of course, entitled to their opinion, but I don't agree with them.

When the original house bill was under consideration in the senate I voted to amend it so as to provide for the free and unlimited coinage of the silver dollar, and that amendment was adopted. The house, however, refused to agree to this amendment, and then a conference committee was appointed which struck out free coinage entirely, and this is the bill voted against.

I send you by mail all three of the bills. Yours Truly,

J. G. CARLISLE."

Here we have J. G. Carlisle attempting to justify his course in voting against the Sherman law by pointing to the Bland-Allison act of 1878 as being more favorable to silver than the act of '91

It must be remembered that the act of 1878 was limited. Then see him point to his vote as he plainly states for the FREE and UNLIMITED coinage of silver as proof of his devotion to silver money.

It is plain even to the casual observer that the impression aimed to be made by the letter to Hon. Wm. Smith was first, he favored the free and unlimited coinage of silver; second, failing to get free and unlimited coinage of silver he voted against the act of '91 so as to retain the law of 1878.

If the free and unlimited coinage of silver would prove disastrous to the country, as he now tries to make the people believe. Why did he vote for the same in 91, only five years ago J. G. Carlisle voted for the free and unlimited coinage of silver, to-day under his Master Grover Cleveland, president of England's interest in the United States, he leaves his post of duty and takes the stump to prove that he has always in the past voted for a policy that would wreck the government.

AN honest dollar is the noblest work of governments.

THE G. O. P's. position on finance is about as follows: (?) ! (?) ; (?)

MCKINNEY should have water works and own and control the same.

THE diplomacy of the present administration is afflicted with an inflation of cowardice.

THE Texas Equal Rights association meets in annual convention to-day in Dallas.

IF our fore-fathers had waited for "international agreement" we would have been deprived of a republican form of government.

THE republican state convention of Kentucky, now in session, declares the doctrine of free silver fallacious and ruinous.

WHEN a man begins to talk about p-a-r-i-t-y, you can't locate him. He is a man afraid of his own political shadow.

DEPEW gave a harmony dinner recently to which leading republican politicians were invited. It takes a full stomach to hold the G. O. P. together.

THE United States of America may be the grandest nation in the world to-day, but its highest officers are lackey boys for a private European banking firm all the same.

THE Texas delegation of the Cumberland Presbyterian assembly at Meridian, Miss., presented A. A. Glisson, a traveling passenger agent of the Cotton Belt, with a bible. Thus the missionary work begins at home.

LOGAN Carlisle, son of the secretary of the treasury and first assistant to his father, "toted" $50,000,000 of U. S. bonds across the Atlantic to the Rothschilds. Who is more accommodating than a democratic administration?

BOURKE Cochran, the great democratic orator from New York, will renounce his allegiance to the United States and thenceforth cast his lot with Ireland, the country of his nativity. In view of the impending disaster to his party and his blighted political future, thus another great leader quits the dismantled hulk of democracy in disgust.

THE figures of the national debt statement knocks the wind out of the average reader.

GENERAL Schofield denies that he is a presidential aspirant. He claims never to have taken auy interest in politics—that he never voted in his life.

THE president has not yet appointed a successor to the late Secretary Gresham. Rumor has it that Attorney General Olney will be elevated to the position.

BROTHER Harper, of the Examiner, after reading Carlisle's speech on "sound" money ejaculates: "Them's my sentiments." This "do" settle it.

MR. W. W. ASTOR is offering to lease his residence in New York for one season for the small sum of $15,000. If any of our readers desire to lease the same they should apply at once.

PRESIDENT Trezevant of the Dallas State fair is hustling in its interest. He met and captured the pencil pushers at Waco. The fair will undoubtedly eclipse all former successful records.

THE suit, State of Illinois vs. Pullman Co., in which the charter of this imperial concern was sought to be forfeited, has been decided by the courts as usual, in favor of monopoly.

THE local option question may be entirely non-political, but a queer fact to ponder over is, every prominent democratic leader in the state, who takes any position in the matter whatever, almost invariably alligns himself against the temperance movement.

DENVER, Col., is the victim of a water-works corporation. Her water rates to consumers is from two to three times larger than Chicago, Cincinnati or St. Louis, where the water works is owned and controlled by the municipality.

NOTWITHSTANDING the unmerciful drubbing Gov. Altgeld is daily subjected to by the leaders of his party and its press, the state convention this week at Springfield endorsed his administration—a fair sample of democratic unity of opinion on any subject.

RECENTLY the democratic mayor of Philadelphia and national democratic Chairman Harrity sat on a rostrum and vigorously cheered the gold bug utterances of such republicans as Ex-Senator George F. Edmonds, Charles Emory Smith and Ex-Comptroller Trenholm from the same platform. The populist party has always asserted the two old parties were secretly one in spirit and purpose, now note the open demonstration of this truth.

WE are pleased to note that our good old friend, Col. E. K. Rudolph, is now editor and proprietor of the Sherman Register. Lige ranks as one of the best practical newspaper men of the state. His character is one grand combination of intelligence, honesty, industry and soberness. If pluck, energy and devotion to duty counts, success will crown his efforts in this new step. Lige, it is unnecessary for us to tell you of the ups and downs of newspaper life. You have traveled its rugged highway. You have often witnessed your noblest and highest hopes and aspirations knocked "sky west and crooked" by the unexpected bobbing up of an unappreciating public. If by some mysterious, unintentional stroke of the pencil you happen to tell a "mistake" you get a cussing, and if you "tell the truth" flat footed you are credited up with a "sound" licking resulting in a pair of black eyes and wounded feelings. O, it is glorious, Lige, stick to it.

TOM W. PERKINS, "bloated bondholder" of the Wylie Rustler, comes to the front last week with his ears protruding as donkey-like as ever, and with the usual bray. Tom is one of the "me too" editors who claims to have been born with a "silver spoon" in his mouth. He failed however to mention brains, which evidently did not show up in this important epoch of Tom's career. Tom says that owing to the "silver spoon" business, "hard work" is not such a burden to him as it is to THE DEMOCRAT editor. He also says that we have an overproduction of "d—n fools" like the editor of THE DEMOCRAT. Possibly so, but Tom should remember that they are not "natural born" and are not green enough to "blow out the gas" like a certain "editor" did while on an excursion to the gulf a few years ago. Now Tom, old boy, while you are advising "more hard work and less populism," be merciful to your fellow craftsman. We acknowledge your wonderful influence—rich in wealth and intellect! We recognize the "consistency" of your stand when you claim as a shield to your party that low prices are the result of overproduction and that we need more "hard work!" Now my indiscreet Brother of the quill, if we have formerly said anything that ruffles your delicate feelings we are sorry, but hope you will be recompensed by the lighting up of your cranium, trusting that the latter will yet become able to receive the rays from the torch of reason.

PRESS dispatches announce that the Morgan-Rothschild syndicate, which bought the last issue of United States bonds has been conspiring for the last two months and more to corner the gold of the world with a view to forcing the government at Washington to issue more bonds. They "have been paying a premium for the refined gold output of the private refineries throughout the world during the last two months, and are accumulating fine gold at the rate of $2,500,000 to $3,000,000 per month, which represents fully two-thirds of the entire gold output of the United States." This has caused a marked falling off of the deposits of gold at the mint for coinage. In order to divert the gold from its usual channel to the United States mint for coinage, the syndicate has been paying a premium of 1⅛ to 1½ cents for it. Upon the terms of the contract with the United States Treasury Department when the last bonds were sold, this syndicate has an option on any new bonds that may be issued by the government before October 1, 1895. The last issue of bonds which this syndicate bought at 104½ are now selling in the open markets at 112½, making a difference of $10,540,000 between what the government received for them and what they will now sell for in open market. If President Cleveland declines to sell more bonds at the dictation of this syndicate, financiers say it can wipe out the the gold reserves in ten days, and by the contract which binds the government to sell bonds to no one else, can dictate its own terms on bonds, it thus forces the government to sell up to October 1.

PEDDLING BONDS.

CARRIED $50,000,000 ACROSS.

New York, May 30.—When Logan Carlisle, son and private secretary of the secretary of the treasury, stepped on board the steamship Paris he carried a grip in which were carefully laid away $50,000,000 worth of United States bonds of the last issue. These bonds will be placed in the hands of European bankers and financiers.

Robt. M. Hill died at his residence in McKinney, Monday evening, May 27, 1895, at the ripe old age of four score years.

The deceased was born in Clark county, Kentucky, Dec. 6, 1815, where he continued to reside for a number of years. From Kentucky he moved to Missouri, thence to Illinois, from which state he came to Texas in 1882, making McKinney his home.

Sixty years ago he married Miss Susan E. Poor, in Kentucky, who has ever been a faithful helpmate through the varied scenes and vicissitudes of their long married life.

A family of 13 children blessed their union of whom, 9 survive the death of their father. The children, in the order of their relative ages, are: Mrs. Mary Ann Atkinson, of Missouri; Wootson Hill, of McKinney; R. E. Hill, of Illinois; F. M. Hill, of McKinney; T. J. Hill, of Missouri; D. C. Hill, of McKinney; Mrs. Susan M. Luscomb, living north of McKinney; A. M. Hill, of McKinney and Pricy H., wife of J. G. Mathews, Vernon Tex. Grandpa Hill as he was familiarly known had been a member of the Missionary Baptist church 53 years, 43 of which he was an active officer in the same. He was a good neighbor, a true friend, who never made an enemy, and died as he had lived, in the full joy of his faith. The following Tuesday evening, in the presence of a host of relatives and friends his mortal remains were consigned to their last, long resting place in the silent though verdant city of the dead—Pecan Grove Cemetery.

It was almost unendurable; with shortness of breath, palpitations, severe pains, unable to sleep, especially on the left side. No pen can describe my sufferings, particularly during the last months of these four weary years. I finally tried Dr. Miles' New Heart Cure, and was surprised at the result. It put new life into and made a new man of me. I have not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it

I might add that I am a druggist and have sold and recommended your Heart Cure, for I know what it has done for me and only wish I could state more clearly my suffering then and the good health I now enjoy. Your Nervine and other remedies also give excellent satisfaction." J. H. WATTS.

HE WONDERS IF THEY WILL TELL.

Sulphur Springs, Tex., June 5.—I wonder if the delegates to the convention of the National League clubs at Cleveland will give an account of their stewardship of the republican party in Texas for the past ten years.

I wonder if they will tell those northern delegates that the republican vote in Texas has declined from 97,000 in 1884 to 55,000 in 1894.

I wonder if they will tell them that the republican state convention gave their indorsement to Wash Jones, the "greenback" candidate, in 1884, which was a presidential year.

I wonder if they will tell them that the republican state convention indorsed the the mixed candidate, Marion Martin, in 1888, another presidential year.

I wonder if they will tell them that a good part of the delegation left the convention at San Antonio in 1890 and split the republican party in Texas.

I wonder if they will tell them that the republican convention indorsed the democratic candidate for governor in this great state of Texas in 1892.

I wonder if they will tell them that the amount of money raised by the whole board of office holders for the state campaign in 1890 was exactly $30.

I wonder if they will tell them that they increased the amount to $50 in 1894.

I wonder if they will take George Clark with them to write their resolutions for them.

I wonder how many of those delegates ever held office in the state and how many of them will apply for office in 1896 when a republican president is elected.

If they do not tell these things then I wonder "what they are there for." I will file the list away for reference,

Forty Years the Standard.

Blue Ridge will have a grand union picnic Friday, June 14. The morning will be devoted to Sunday school exercises. Able talkers on the subject will lecture. After dinner political speaking will be the attraction. All the leading political creeds of to-day will be represented. The only Bill Farmer for the people's party and Judge Geo. N. Aldridge, of Dallas, the eloquent administration advocate, are among the speakers. The Blue Ridge Silver Cornet band will discourse music and that big and thickly populated corner of Collin county is expected to turn out en masse.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my house work.

Thirteen pounds of dynamite were sunk 1120 feet in the artesian well and touched off Tuesday night, by means of electricity. That the casing was shattered is proven by the fact that the water fell from near the top where it was standing, twenty five feet. Now if the water is not exhausted when the pump is put to work good results will have accrued from the blast, but if it does the experiment will probably end all further efforts to obtain water from this expensive hole in the world.

A nickel is not much but it's five cents and the Nickle Store is the place to get full value for them.

Mr. John Martin tells us the following amusing incident about Sam Lewis, a former citizen of Collin county, but now living in Palo Pinto county. Last fall as he was returning home from his town, after dark, a couple of highwaymen halted him and demanded his "change." Sam quickly replied: "Gentlemen, I have not a d—n cent but if you will let me off this time I will give you my note for $20." The would be robbers of course let Sam off. This may seem a little strange to some, but any one acquainted with Sam knows full well that he would be equal to such an occasion.

RELIGIOUS.

Eld. Crutcher, pastor of the Christian church in this city, will preach the Baccalaureate sermon at the Carr-Burdette female college in Sherman on the 9th inst.

Last Sunday Eld. Crutcher preached an appropriate sermon to the children in honor of children's missionary day. A large congregtion was present.

Eld. R. C. Horn is conducting a protracted meeting at Viney Grove. It began Sunday night. A number from McKinney are attending.

Rev. J. L. Morris preached two effective sermons Sunday from the Methodist pulpit. Two new members were received into the church at evening and one baptised.

Children's day was observed at the Christian church in this city. Twenty odd dollars were collected for missionary purposes. The children's program Sunday evening was rendered in a creditable manner to a crowded house.

The ice cream supper, given by the ladies of the Parsonage Society, at the Methodist parsonage, Friday evening, was quite a success notwithstanding the inclemency of the weather. Rev. and Mrs. Morris know how to entertain and make guests feel welcome. The society will give another ice-cream supper Tuesday night and it is hoped that the weather will be more favorable so that everyone who desires, may attend. It will also be given at the parsonage.

Eld. Granville Jones, of Austin preached at the Christian church Wednesday night.

MESSRS. LIPPMAN BROS., Proprietors P. P. P., Savannah, Ga.

Gentlemen:—I feel it my duty to inform you of the cure your wonderful medicine, P. P. P., wrought in my case. I have suffered for two years with Dyspepsia and Malaria in the worst form, and was a daily sufferer from sick headache. My bowels did not act but twice a week, and frequently only once a week. I could not retain half I ate and my stomach was always uncomfortably heavy. I tried pills and all kinds of medicines, but only found temporary relief in them. I was despondent and was hoping to soon find relief in death.

Seeing your P. P. P. advertisement I decided to try it and requested Dr. Peak to get me a bottle, and after taking that bottle I felt one hundred per cent better. I have taken two bottles and will soon get another, and I can now eat in peace and enjoy everything, and can sleep like a top. My headaches have ceased and my bowels are regular. I would advise all sufferers like myself to give P. P. P. a trial and they will write you as I have, that P. P. P. beats any medicine on the market. Yours truly,

CURTIS COLLYER,
Artist Painter, Orlando, Fla.

Balls City.

It seems that the gulf coast is to be the most desirable place for settlers in the great South-West. The city referred to above is attracting much attention. Secretary E. H. Porter, of Galveston, is being overwhelmed with correspondence making enquiry about Balls City and the fertile fruit and vegetable land surrounding it.

Stock is being fast taken up in the Commercial Travelers City Company and the enterprise is moving at a rapid gait. A fine hotel and many beautiful cottages are in course of construction. Farmers are turning their attention to the surrounding country. It is a fact that the climate is delightful and the conditions most favorable for health.

Dr. Taylor will extract your teeth without pain, and no bad results.

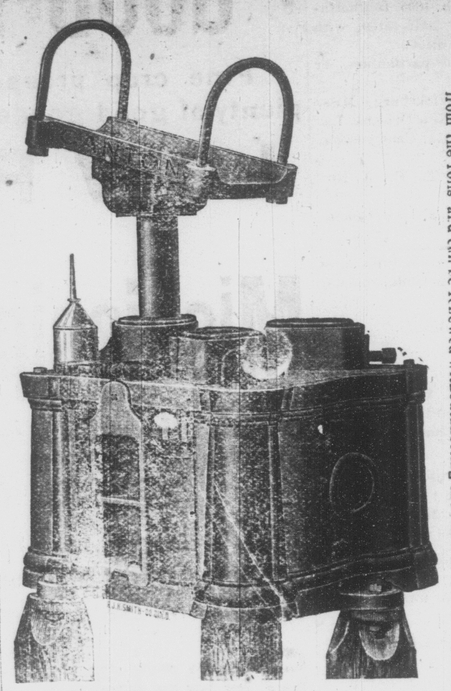
NEW CANTON CANE MILL.



The Canton Mill is far ahead of all its competitors in every essential feature. Its capacity, durability and economical qualities make it the foremost mill on the market. The shafts are made of the best of steel and are heavier than those heretofore made of wrought iron, thus securing absolute safety in this vital part of the mill. The castings are made of the highest grade of charcoal pig iron and no inferior metal or workmanship enters into their construction.

The main shaft is also made long, enabling the mill to be set near the ground making it run steady. All Cog wheels in these mills are cast separate from the rolls and can be renewed without affecting the Rolls or other expensive parts of the mill They are driven by clutches near the point of resistance and as no keys or bolts are used to vex the operator are easily removed or replaced. POPULIST ADDRESS.

There Will Be Neither Truce Nor Compromise.

The Omaha Demands.

Land, Transportation and Finances Form the Triune of Political Hope.

Fort Worth, Tex., May 29.—At 2 p. m. the state populist executive committee completed its labors and gave out its report.

Secretary John H. Boyd, North Texas Review, Paris; W. P. Blake, Industrial West, Clarendon; Byron Barber, Young County Call; J. S. Bradley, Abilene Sentinel, and E. O. Meitzen, Hallettsville New Era, all being practical printers, took charge of the report and in order that all members of the Reform Press association, as well as visitors and members of the Committee, might take home a copy, proceeded to the Industrial Educator office, where they were to work with the result that proof sheets were ready at 5:30 this evening.

In addition to the promulgation of an address to the people of Texas by the committee, it will be seen that Chairman Ashby also has something to say, and further, that a plan of campaign for the guidance of the adherents of populism was also adopted.

The full result of the committee's deliberation of nearly two days follows:

Address of the people's party state executive committee of Texas: Many recent events warn us that a crisis in the history of our country is approaching. We who have felt the effects of the great industrial depression most keenly, who have witnessed the constantly increasing poverty in the homes of the people, who have heard the mutterings of discontent and witnessed the sorrowful face of despair, where formerly happiness, peace and prosperity abounded, have long known that labor was not reaping its reward because of unjust laws in the interest of corporate capital, and that the light of liberty was fast going out beneath the overspreading shadow of plutocracy. The doctrines of vested rights and the sanctity of private property, so dear to the Anglo-Saxon heart, have been perverted to build bulwarks of defense around the unjust acquisitions of the rich and to break down the barriers once erected around the possessions of the poor. Thus the wealth produced by labor has been taken to fill the overflowing coffers of the indolent rich, while the agencies of the most powerful government on the globe have been employed to put shackles upon the laboring man. Courts of equity, organized to administer justice, to protect the helpless and weak, to defend innocence when assailed by greed and avarice, have put a still heavier hand upon the hopeless and helpless victims of corporate oppression and their writs now run to take from famished and despairing labor the right to live by that which it creates.

The overthrow of the income tax is a significant warning to the poor that they must continue to bear the burdens of government, must bear its flag and fight its battles, but must not share in its benefits, which are reserved for the rich alone. Coincident with the announcement of this iniquitous decision the wires have flashed over the country the startling intelligence that Debs has been denied the writ of habeas corpus and that he must go to jail for a year because he dared assert the right of workingmen to combine for the resistance of wage reductions to the point of starvation. While these things are taking place militarism is rampant all over the country, the spirit of war is being planted in the hearts of the rising generation, and in certain quarters even churches, claiming to represent the immaculate "Prince of Peace," are maintaining military bodies of boys and young men, thus giving apparently the sanction of christianity to arbitrary power and force. Thus does plutocracy in times of peace prepare to repress the rising spirit of freedom among the masses and provide itself with the means of perpetrating those unjust advantages which have enabled it to absorb so much of the country's wealth.

Remember, populists, that "eternal vigilance is the price of liberty," and there are times when "resistance of tyranny is obedience to God." The time is already here when these memorable declarations are destined to secure practical exemplification, not by an appeal to the sword, but by the close union of the people's friends, by the exercise of vigilant and watchful care over the invaluable rights of the citizen, and a resort to that weapon of freemen the world over, an intelligent ballot. The enemies of our party are actively at work seeking by all means, even the most insidious and crafty, to disintegrate and destroy the only party which within fifty years past has boldly championed the cause of labor and the right of the common people to a just participation in the benefits and privileges of free government. The apostles of the gold standard are out upon the hustings boldly appealing to the people in favor of a financial policy which if continued will throw a perpetual blight over the industries of the country and enslave our people to the money power. They are aided in this crusade in favor of English supremacy by the enormous money power of this country and Europe and by the whole powers and prestige of our national administration. This tremendous propaganda we can meet and overthrow if we keep our lines steady and fight the battles of the people upon the lines laid down in the Omaha platform. There are those who would mutilate that platform. Suffer it not to be.

Let us adhere to our principles and insist upon land, transportation and financial reform. Let us, in other words, not give up a fundamental principle for which our national platform of 1892 declares and yet we may and should recognize the fact that the logic of events has pushed the money question to the front; and while we have no compromise to make with gold monometallism, let us extend the hand of fellowship to those patriotic democrats and republicans who are bravely contending for a restoration of the white metal to its ancient place in the coinage. Brothers with us in a common cause, we can appropriately invite them to enter the only silver party in the country.

But there are dangers more subtle, of which we should have greater fear. We refer to the various issues that are now being started up all over the country. We refer, in fact, to local option, A. P. A.-ism, and many others. We do not quarrel with any man who exercises the right to go off after these side issues, but we earnestly warn our people that plutocracy is wise in its day and generation, and it will make use of these things to disrupt and divide our party. The people's party is not a prohibition party, nor an A, P. A. party, nor is it making a fight for the saloon or for any church.

As populists we value the inalienable right of the individual man to join any church or party to which his inclinations may lead him, but we believe that no populist should champion the cause within party lines of the A. P. A. order, nor actively engage on either side in our approaching local option campaigns. Are you a prohibitionist? Then vote for prohibition. Are you opposed to prohibition? Then still vote as you honestly believe. Do all things in charity, but keep your eyes steadily on the great reforms which as populists you seek to accomplish, and close up your ranks gainst the common enemy. Listen not to the siren voices that would lead you astray, and remember that the hopes and aspirations of the burdened and toiling masses, of the "heart-sore and foot-sore" people who are thronging the highways of life have found expression in the Omaha platform. Listen to the pleadings of crushed and broken hearts in city and country, and gird up your loins like brave men to do battle for their relief—to still the cry of pain and pour the wine of hope into the cup of despair.

But you are earnestly exhorted to organize organize, organize. Yes, organize upon the plans adopted at Waco, which is here given for your especial information. Bring your offerings to the alter of humanity; promote honest party work. Keep speakers in the field by your penny contributions to preach the gospel of justice among the long-suffering and afflicted people. We call your special attention to the address of our noble leader, H. S. P. Ashby, which accompanies this. Be governed by the lofty motives which actuated him and all will be well. Brethren, we have sought by "line upon line" and "precept upon precept" to give you the truths of this greatest of practical propagandas. Through much sufferings and many hardfought battles we have endeavored to do our duty, and have thus reached our present high vantage ground. The hilltops are now tipped with the first bright rays of coming victory. The few who lately carried our banner have grown into the millions. Courage, brothers, courage. The day of triumph is already dawning upon us.

On June 24, 1891, at Waco, Tex., in regular session, this committee unanimously adopted a "plan of campaign" which accompanies this, for the guidance and direction in the organic work of the populists of this state, and it is vitally important that it be observed by every officer in the party. We recognize no other plan or scheme, and are not responsible for the operations of any other; hence we insist that each officer in the party see to it that all the territory under his jurisdiction is so organized that we may be able to act not only bravely and intelligently but systematically.

ADDITIONAL ADDRESS.

Fort Worth, Tex., May 29.—Chairman Ashby to-night issued the following additional address to the populists of Texas:

Realizing the need of some systematic work in the matter of carrying on the work of education by public lectures, I have established under the executive committee, with headquarters at Fort Worth, a lecture bureau, to be known as the Texas populist lecture bureau. I have appointed L. Calhoun as manager. The following speakers are under our command: H. S. P. Ashby, W. E. Farmer, Jake Rhodes, Lee Rhodes, J. W. Baird, J. M. Perdue, all of Texas; James Hudman, of Illinois and Ralph Beaumont, of Oklahoma. All localities desiring the service of any of the speakers can secure them on dates by corresponding with L. Calhoun, Fort Worth, Tex.

H. S. P. ASHBY,
Chairman state executive committee.

ASHBY'S APPEAL.

Attention populists of Texas: Since our last election all thoughtful people must have observed that the calamities now destroying our country are the offspring of our iniquitous laws. Hence the repeal of unjust laws and the enactment of just and sensible laws will remove them. Can any reasonable man trust longer the weal of his country to the representatives of either of the two old political parties, whose corrupt methods in securing the election of these class legislators gives no hope to the masses of a change in these laws? We will continue to retrograde as a people until we arise in our might and oppose all corruption in politics and politicians, and by opposing, end them. To-day ours is a land of sorrow! With the most productive soil on earth, with a people whose inventive genius has enriched the world, whose energy is not excelled in this or any age of the world, still we find rags, want and misery everywhere! Nine millions of homeless families in the United States of America, forty millions of people whose tears tell the sad story of hopelessness and breaking human hearts! Every breeze that sweeps across our vast prairies over hills and through vales is ladened with the groans and prayers of these despairing people! No star of hope illumes their darkness, no friendly hand is extended to them! They are left to perish 'mid the gloom that surrounds them! My countrymen, there is one way out of this unnatural condition. Throw away all bickerings, strife and dissensions, form a solid phalanx of honest patriots and march against plutocracy, your common enemy, and you will sweep them from their enthronement of power. By this mighty cyclonic expression of your will, fraud and corruption will flee before your honest faces and the political atmosphere will become so pure that gain-dirty, grasping, sallow-faced aristocrats cannot breathe it and live!

Think of your half-fed, ragged children, your broken-hearted wives and your duty to them and turn your backs upon the old parties. Fall into ranks with the people's party and vote for the much-needed reforms advocated by that party! But, alas, for the cause of reform you are divided! Our enemies use the gentle Christ to keep you at war with one another—Catholic against protestant, A. P. A. against anti-A. P. A., local option against anti-local option, silver, against gold party. Many honest men will go to the silver party, though it is not calculated to do any good for the masses of our people. If you load a cannon to the muzzle with powder and place no ball nor wadding upon the powder and touch it off it will not be effective. Likewise load a party—these times—with the single idea of silver coinage and touch her off and it will be so ineffective that it will not be heard beyond a few defeated ex-congressmen. Ours is not a Catholic party nor an anti-Catholic party, local option nor anti-local option. We may advocate any of these and still be a populist. We have a greater mission to perform as a party and that is to see that the Omaha platform is enacted into law—every plank of it. To this end let every populist bend his energies. Let us continue to formulate and educate. Let our enemies abuse us and call us anarchists, but "a curse on the minion who calls us disloyal!"

We know that we are guided by the constitution given us by the fathers of the republic, and under it we will triumph or with it we will perish! We do not desire to live in the land of our fathers when constitutional liberties are denied its citizens! Let me urge upon you the necessity of constant watchfulness and unceasing labor. Take and read reform literature. Keep speakers in the field. This is an off year politically, but let us keep up our organization and have a populist rally in every county in Texas during the coming summer months and a grand rally at Fort Worth, Texas on August 5, 6 and 7, and I hope that every precinct in the state will be represented at this meeting.

If we will be loyal to the principles of our party success is ours in 1896.

H. S. P. ASHBY.

WHEN DOCTORS AND HOSPITALS FAILED.

DALLAS, Tex., April 4, 1895.—This is to certify that for the last eight or nine years I have been sorely afflicted with a most severe bowel and rectal trouble, which also produced a complicated condition of the uterus and kidneys. I was four months in the Dallas hospital and was treated at different times by at least a dozen different physicians and was operated on four times, but all to no avail. I continued to grow worse until I had lost hope of recovery, but thank God a lady friend advised me to try Dr. McDowell's Family Medicines. I had used only one bottle of the La Creole Blood Purifier and one box of Rabbit Brain Ointment when I found I was improving fast. I have used six bottles of the La Creole and about the same number of the salve and Eel Oil, and I positively could not be paid enough money to be placed back in the same position I was in when I commenced the use of the medicine.
My husband was attacked with a severe case of Grippe and had a severe cold and fever. He was so bad that we thought he could not recover, but he concluded to try McDowell's Hot Drops and Eel Oil and in a few days was able to resume his work. MRS. HATTIE DAVIS, 317 Elm Street.

MERCURIAL POISON

Is the result of the usual treatment of blood disorders. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The most common result is

RHEUMATISM

for which S. S. S. is the most reliable cure. A few bottles will afford relief where all else has failed.

I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to more than twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking 8 or 9 bottles of S. S. S. I improved rapidly and am now a well man, completely cured. I can heartily recommend your wonderful medicine to anyone afflicted with this painful disease.
